PROFESSIONAL SUMMARY

A passionate Fullstack Developer with a strong foundation in HTML, React, JavaScript, Node.js, MongoDB, Git and GitHub, and modern UI practices. Experienced in collaborating on responsive, dynamic web projects using APIs and Firebase. Currently advancing as a Full-Stack Engineer at SQI ICT College, with a growing interest in scalable, intuitive solutions.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript
Frameworks & Libraries: React, Node.js
Databases & APIs: Firebase, MongoDB
Tools: Git, GitHub

EXPERIENCE

Front-End Developer Intern

SQI College of ICT – Ogbomoso, Nigeria
Internship Period

- Collaborated with a team of developers to build responsive websites using HTML, CSS, and JavaScript.

- Gained hands-on experience with React and state management.

- Integrated RESTful APIs and utilized Firebase for backend support.

- Participated in code reviews and daily stand-ups to improve team collaboration.

Operations Manager

Tundralux Block Industry – Akure, Nigeria
January 2020 to December 2022

- Managed daily operations and a 15+ person production team.

- Reduced procurement costs by 18% through bulk negotiation.

- Implemented workflows that reduced defective output by 30%.

- Handled budgeting, payroll, and expense tracking with improved financial results.

- Acted as liaison with clients, managers, and logistics partners.

- Digitized operational documentation using spreadsheets and accounting software.

EDUCATION

- B.Tech Earth Science – Ladoke Akintola University of Technology (2013 – 2019)

- Fullstack Software Engineer – SQI ICT College (Ongoing)

- Christ School, Ado-Ekiti (2005 – 2010)

- Akure Academy (2011)

COMPETENCES

- Strong communication and teamwork abilities

- Fast learner, eager to explore new technologies

- Attention to detail in UI and functionality

- Confident, friendly, and approachable

- Comfortable taking ownership from concept to completion
